

IMI W
italian metal work >

Diamo forma al metallo con qualità e precisione

Italian Metal Work è nata per plasmare qualsiasi metallo, ottone, acciaio, alluminio o bronzo, realizzando prodotti propri a catalogo e su richiesta del cliente ponendo particolare attenzione al continuo miglioramento della qualità. La struttura estremamente flessibile di IMW è in grado di gestire lotti di produzione di piccole e medie dimensioni.

We shape the metal with quality and precision

Italian Metal Work is born to shape any metal, brass, steel, aluminium or bronze, creating its own products or customized items paying particular attention to the continuous quality improvement. The flexible structure of IMW is able to manage production batches from small to medium dimensions.

Progettazione, ricerca e sviluppo

In sinergia con l'ufficio tecnico della committenza, IMW grazie al know-how maturato nella trentennale esperienza in un range di settori di impiego senza confini partendo dalla nautica all'automotive, dagli articoli industriali alle telecomunicazioni, è in grado di accettare qualsiasi sfida realizzando prodotti personalizzati su disegno o a campione analizzando attentamente le specifiche tecniche del prodotto per poter offrire il miglior metodo produttivo.

Design, research and development

In synergy with the technical department of the purchaser, IMW thanks to the know-how gained in thirty years of experience in a range of application areas without boundaries, starting from nautical field to automotive, from industrial products to the telecommunications, is able to take on any challenge, realizing custom products upon drawings or samples, analyzing carefully the technical specifications of the item in order to offer the best production method.

Un ciclo di produzione completo

IMW cura ogni fase del ciclo di produzione, dall'ingresso delle materie prime all'evasione dell'ordine, con meticolosa cura e rigore; In particolare lo staff dell'azienda esegue:

- Studio di fattibilità e disegno del prodotto;
- Realizzazione di stampi e attrezzature;
- Fusione in conchiglia, pressofusione e stampaggio a caldo;
- Lavorazioni di torneria, fresatura, foratura, ecc;
- Trattamenti di finitura superficiali;
- Montaggio;
- Spedizione ed imballaggio (anche personalizzato)

A complete production cycle

IMW cares every step of the production cycle, from the arrival of raw materials to the delivery of the order, with meticulous care and precision; In particular, the company's staff performs:

- Feasibility study and design of the product;
- Implementation of moulds and equipment;
- Casting and forging;
- Machining of turning, milling, drilling, etc.;
- Surface finishing treatments;
- Mounting;
- Shipment and packaging (also custom)

Full service top quality

Nel nostro e vostro business scoprirete l'importanza di un unico interlocutore che coordina tutte le fasi dell'intero ciclo produttivo consentendo una perfetta ottimizzazione di costi e riducendo i tempi di gestione delle commesse. Il progetto del nostro cliente è sempre importante e viene realizzato con la massima serietà e trasparenza.

Full service top quality

In our and your business you will discover the importance of a single point of contact that coordinates all phases of the production cycle, allowing a perfect optimization of costs and reducing time to order management. Our customer's project is always important and is manufactured with the utmost seriousness and transparency.

Attrezzature computerizzate a controllo numerico

La perfezione delle lavorazioni è affidata ad algoritmi computerizzati. I macchinari a controllo numerico ottimizzano la qualità, il reparto di produzione è attrezzato con torni automatici CNC, dotati di sistema di caricamento automatico delle barre. Le lavorazioni di filettatura cilindrica o conica, fresatura, foratura, etc possono essere eseguite con cicli automatici su barre con sezione geometrica variabile (tonda, esagonale, forate, etc) oppure su pezzi da ripresa.

Numerical control machineries

The precision of the machining is carried out by computer algorithms. The numerical control machineries optimizes the quality; the production department is equipped with CNC lathes with an automatic system for loading of the bars. The machining of cylindrical or conical thread, milling, drilling, etc. can be performed with automatic cycles in bars with variable geometrical section (round, hexagonal, perforated, etc.) or on pieces from resumption.

Brillanti o satinati ma sempre perfetti

Le svariate finiture del metallo rappresentano mille soluzioni varianti, ognuna di queste rappresenta l'abito dei nostri prodotti, una soluzione per ogni occasione. Questi sono alcuni dei trattamenti di finitura che IMW può eseguire: • Lucidatura • Burattatura • Verniciatura • Brunitura • Cromatura • Doratura • Anodizzazione

Chromed or satin but always perfect

The various metal finishes are a thousand variations of solutions, each of these is the dress of our products, a solution for every occasion. These are some of the finishing treatments that IMW can run:

• Polishing • Tumbling • Painting • Burnishing • Chromium plating • Gilding • Anodizing

Organizzazione e controllo è nel nostro DNA

Ogni articolo è contrassegnato da codici a barre che permettono l'identificazione degli stessi e contengono tutte le informazioni del processo produttivo e del magazzino.
Lo stoccaggio dei prodotti a magazzino permette una rapida evasione degli ordini "just in time".

Organization and control is in our DNA

Each article is marked by barcodes which allow identifying them and contain all the information of the production process and the warehouse.
The storage of the products in the warehouse allows quickly filling "just in time" orders.

Vocazione internazionale mercato globale

IMW si confronta quotidianamente con un mercato internazionale sempre più veloce e sempre più esigente, ma la qualità italiana che ci contraddistingue nel mondo è ancora oggi, in tempi che richiedono performance sempre più competitive, sinonimo di garanzia di qualità.

International calling global market

IMW has to deal with faster and more demanding international market, but in times that require increasingly competitive performance, the Italian quality that sets us apart in the world is still a guarantee of quality.

I Materiali

La qualità dei nostri prodotti deriva anche da un'accurata scelta della qualità delle materie prime. I materiali utilizzati per la produzione vengono selezionati in base alle specifiche tecniche e chimiche.

- | | |
|----------------------------|---|
| • Ottone per fusione | UNI EN 1982 – CC753S (CuZn37Pb2Ni1AlFe-C) |
| • Ottone per stampaggio | UNI EN 12165 – CW617 (CuZn40Pb2) |
| • Ottone – Barra trafilata | UNI EN 12164 – CW617N (CuZn40Pb2) |
| • Acciaio inossidabile | AISI 316 – AISI 316L |
| • Alluminio – Lega Leggera | UNI EN 1706 – G-ALMg5 |
| • Bronzo per fusione | UNI EN 1982 – CC491K (CuSn5Zn5Pb5-C) |

Altre leghe possono essere lavorate su richiesta del cliente.

Filettature

Le filettature esterne coniche e interne cilindriche seguono la normativa UNI EN 10226-1:2006 e vengono eseguite su una buona parte della produzione. Alcuni articoli seguono invece la UNI ISO 228/1 Parte 1° del 01/1983, per ragioni tecniche, con filettature esterne ed interne cilindriche. Altri tipi di filettature vengono eseguite su richiesta del cliente.

Materials

The quality of our products also comes from a careful selection of high quality raw materials. The materials used for the production are selected according to the technical and chemical specifications.

- | | |
|---------------------|---|
| • Casting brass | UNI EN 1982 – CC753S (CuZn37Pb2Ni1AlFe-C) |
| • Moulding brass | UNI EN 12165 – CW617 (CuZn40Pb2) |
| • Brass – Drawn bar | UNI EN 12164 – CW617N (CuZn40Pb2) |
| • Stainless steel | AISI 316 – AISI 316L |
| • Aluminium | UNI EN 1706 – G-ALMg5 |
| • Casting Bronze | UNI EN 1982 – CC491K (CuSn5Zn5Pb5-C) |

Other alloys can be machined upon customer's request.

Threads

The taper external threads and cylindrical inner threads follow the UNI EN 10226-1:2006 regulation and they are manufactured on almost all our production. Some items follow the UNI ISO 228/1 Parte 1° regulation of 01/1983 with cylindrical external and inner threads for technical reason. Other types of threads are executed upon customer's request.

IMW rispetta l'uomo e l'ambiente

Italian Metal Work rispetta l'uomo e l'ambiente. Noi operiamo seguendo un codice di condotta etico ed ambientale.

- Opera nel rispetto della normativa ambientale vigente
- Previene tutte le forme d'inquinamento producibili dalle attività dell'azienda
- Riduce qualsiasi fonte di rumore al minimo sulla base delle migliori tecnologie disponibili con costi sostenibili
- Incoraggia la responsabilità dei dipendenti verso la protezione dell'ambiente
- Realizza programmi d'informazione e formazione del personale
- Garantisce ai lavoratori un ambiente di lavoro salutare e sicuro
- Rispetta le diverse culture e religioni con cui l'azienda viene a contatto, sia internamente, sia esternamente
- Evita fenomeni di corruzione e frode
- Rispetta le normative vigenti in materia di lavoro minorile
- Non utilizza lavoro forzato
- Garantisce l'assenza di discriminazioni in base a razza, nazionalità, religione, salute, sesso
- Sensibilizza i fornitori relativamente al rispetto dei principi etici

Una volta terminato l'utilizzo di questo strumento, puoi collaborare a tenere in vita il ciclo virtuoso riciclando correttamente il catalogo gettandolo nella carta

IMW respects people and the environment

Italian Metal Work respects people and the environment. We operate following an ethical and environmental code of conduct.

- Prevent all forms of pollution that can be produced by the activities of the company
- Reduce all the source of noise to a minimum level, using the best available technologies with affordable costs
- Encourage employee responsibility towards the protection of the environment
- Make information programs and staff training
- Ensure that workers have a safe and healthy work environment
- Respect the different cultures and religions with which the company is in contact, both internally and externally
- Avoid corruption and fraud
- Comply with applicable regulations regarding child labour
- Do not use forced labour
- Ensure that there is no discrimination based on race, nationality, religion, health, sex
- Raise awareness among suppliers in complying with the ethical principles

Once you have finished using this tool, you can cooperate to keep alive the virtuous cycle by recycling properly this catalogue throwing it in the paper

Condizioni di vendita

ORDINI E PREZZI

- Gli ordini devono pervenire in forma scritta a mezzo fax o e-mail. Non si accettano ordini telefonici.
- Le quotazioni si intendono IVA esclusa e possono subire variazioni senza preavviso nel caso di variazione di costo dei singoli componenti
- Gli ordini sono validi solo se da noi confermati. Non ricevendo nessuna comunicazione da parte del committente dopo 3 giorni lavorativi, riteremo accettata la nostra conferma ordine e procederemo all'evasione.
- I termini di consegna da noi indicati sono sempre indicativi e non vincolanti. Eventuali ritardi non autorizzano a richieste danni o annullamento ordini.
- Non si accettano ordini inferiori a 155 € netto.

SPEDIZIONI

- Le spedizioni sono effettuate franco fabbrica/EX-WORKS, con Vostro corriere convenzionato oppure a mezzo nostro corriere con l'addebito del costo del trasporto in fattura.
- Eventuali articoli in rimanenza saranno spediti non appena disponibili. Nel caso in cui le rimanenze devono essere annullate, Vi preghiamo di comunicarlo preventivamente in forma scritta.
- La merce viaggia a rischio e pericolo del committente.

RESI

- Se al momento della ricezione della merce, i beni e le scatole appaiono danneggiati o aperti, accettare la spedizione con RISERVA, specificando l'esatta ragione della riserva sulla bolla di consegna al momento della firma.
- Eventuali resi di merce devono essere da noi preventivamente autorizzati: la richiesta va inoltrata per iscritto entro 8 giorni dal ricevimento della merce e deve riportare in dettaglio il difetto riscontrato e gli estremi del documento di trasporto.

PAGAMENTI

- Le condizioni di pagamento saranno concordate dopo la ricezione dell'ordine.
- I pagamenti devono essere effettuati a Italian Metal Work Srl alla scadenza stabilita e per l'importo pattuito.
- Il ritardato pagamento ci autorizza a sospendere senza alcun preavviso ogni fornitura in corso e a dar luogo all'immediata decorrenza degli interessi commerciali.

GARANZIA

- Si precisa che la nostra responsabilità si limita alla pura sostituzione dei pezzi che fossero riscontrati difettosi. Resta pertanto esclusa ogni e qualsiasi responsabilità per danni provocati a persone o cose in conseguenza degli articoli difettosi.
- In caso di controversie sarà riconosciuta la sola competenza del tribunale Brescia.
- Italian Metal Work declina ogni responsabilità per le possibili inesattezze contenute nel presente catalogo.

Le caratteristiche tecniche ed estetiche degli articoli presenti sul catalogo sono indicative e possono essere variate in qualsiasi momento.

Sales conditions

ORDERS AND PRICES

- *All the purchase orders have to be sent by fax or e-mail. We don't accept orders by phone*
- *The prices don't include VAT and can be changed without notice in case of variations of the cost of the single components*
- *Orders are valid only if they are confirmed from IMW. If we don't receive any modification from you after 3 working days, we will consider the order confirmation from you accepted and we will proceed with the despatch of the goods*
- *Indicated delivery dates are always approximate and not binding. Any delays do not justify the claims of damages or cancellation of the orders*
- *Purchase orders for less than 155 € won't be accepted*

SHIPMENTS

- *Shipments are on ex-works basis, with your forwarding agent or with our courier adding transport charges on the invoice*
- *The backorders will be delivered as soon as they are ready. If you need to cancel the backorders, we kindly ask you to send a written communication to us in a short time*

COMPLAINTS

- *If on receipt the boxes or goods look damaged or opened, please accept the shipment with reserve, specifying the exact reason of the reserve on the document of transport while signing it*
- *Any goods' return shall be authorized by IMW Srl. The request shall be done by fax or e-mail within 8 days from the receipt of the goods, indicating the number and the date of the document of transport and the damaged found*

PAYMENTS

- *Payment terms are agreed after receipt of the order*
- *The settlement has to be effected directly to IMW on the agreed due date and for the agreed amount*
- *Please note that for delayed payment, we are authorized to suspend without notice any consignment and start the immediate commencement of commercial interests*

GUARANTEE

- *Please note that our responsibility is only restricted to the replacement of the faulty goods. We are not responsible for damages at the goods and people caused by faulty goods*
- *In case of disputes, it is applied the Italian law and the competent institution is the Tribunal of Brescia*
- *Italian Metal Work disclaims any responsibility for possible inaccuracies contained in this catalogue.*

The technical and aesthetic characteristics of the items in the catalogue are indicative and may be changed at any time
